

Imagination Inventions!

Inventor's name: (that's you!) _____

You are about to become an inventor! First, you need to think of a **PROBLEM** in your everyday life. Then, you will draw an **INVENTION** you think could help solve it. Be sure to label your drawing so the world knows what your invention is. Next, give your invention an amazing name, and lastly, tell the world how it works.

What is the **PROBLEM** that you want to solve?

Draw your **INVENTION** below! **LABEL** the parts!

NAME of your invention: _____

How does the invention work to solve the problem?
